Études - Formations

2002 à 2005 **DEC en Informatique de gestion obtenu**, Collège de Maisonneuve

1997 à 2002 **DES obtenu**, Polyvalente Georges-Vanier

Travail – Expérience - Stage

Since October 2007 **Webmaster**, Hue Web Studio

Je me charge à 55% du temps des demandes webmestre, soit de fournir un support complet aux sites déjà en ligne en faisant de la programmation HTML, ASP, AJAX ou PHP, de l'infographie ou du CSS. Pour le restant du temps, j'offre un support aux projets à venir soit en offrant mon expertise sur un sujet ou en programmant des prototypes à montrer aux clients.

August 05 – October 2007 **Integrator/Mailmaster/Project Manager**, Inpix

Je m'occupais principalement du marketing viral pour Future Shop. J'ai également fait la charge de projet sur quelques sites dont Educ'Alcool, Tristan&America. Mes autres tâches se résument à du contrôle de qualité, de la documentation et formation, de l'analyse de site Web et de la consultation sur tout ce qui est « networking ».

Jan 05 - May 05 **Interprise Intership**, Alter Go – Défi sportif

J'ai fait un stage de 13 semaines pour le Défi sportif afin de compléter mon DEC, en excluant une semaine supplémentaire de bénévolat. Ma tâche consistait à gérer et modifier les diverses bases de données, offrir un support technique, monter de nouveaux postes et les relier au réseau.

Since August 05 **Website contracts**

I've worked on several website contracts, mostly on a voluntary base, to expand my Web work experience with projects that i believe in.

Dec 03 – Aug 05 **Customer Service**, Future Shop

June 02 – Nov 04 **Souvenir Boutique Clerk**, La Ronde - Six Flags

Dec 01 - June 02 **Charcuterie Clerk**, Métro Marciano (Montréal)

Sep 00 - May 01 **Mathematics Teacher**, Polyvalente Georges-Vanier

Sep 00 – May 01 **Scene/Light Technician**, Polyvalente Georges-Vanier

Extra-curricular activities

Since 2006 **Musical/Art Scene**

I try to take part in each event related to Montreal by helping or attending shows, vernissages and festivals. I started throwing events myself to introduce people to less known djs and to hear new sounds instead of what is generally played in bars and clubs. I am extremely passionate about music and art. I think that it's a very important part of Montreal and it's quite respected by our generation.

Since 2006 **Travelling**

I enjoy my free time travelling, wheter it's out of the country or in Quebec. It's a very important activity as it lets me acquire new life experiences.

Since 2000 **Music**

I've played many instruments for many bands including the guitar and the trombone, which gave me the opportunity to play a show at Jailhouse before its unfortunate closing. Now, I have found a new interest in electronic music. I've started gearing up in equipment to mix and discover what new technologies have to offer musically.

1999-2000 **Royal Canadian Army Cadet**, 2927 Anjou Cadet Unit

Member of the orchestra and the advanced drill class. Many week-ends spent in forest and extra courses taken. RCAC survival week-end spent in the woods passed while doing a musical camp at Val Cartier military base.

2000-2002 **Website Project**

I created a website, The Montreal Scene, to let local bands find contacts and feature their shows.

1997-2001 **Georges-Vanier High School**

Member of the orchestra, theatre technical team and AA basketball team.
